EXPERIENCE

FREELANCE | Web Developer
Summer 2016 - Present
- Created and deployed custom websites for customers.
- Collaborated with partner remotely, across country.
- Set up Front-End and configured WordPress.

PROJECTS

BOOKMARK MUSIC PLAYER | Chrome Extension
JavaScript, HTML, CSS
- Chrome Extension that plays YouTube videos from your bookmarks in the background.
- Used JavaScript with the YouTube and Chrome Extension API. As well as some HTML and CSS for the UI.

PERSONAL WEBSITE | BRANDONMANKE.COM
JavaScript, HTML, CSS
- Created Front-End for static site.
- Designed with vanilla HTML, CSS, and JavaScript.
- Previous version utilized ExpressJS backend with input sanitization.

SAFE STROLL | Android App
Java
- Android App that helps people get home safely, by setting a timer and alerting contacts via text if user doesn't respond before timer ends.
- Collaborated with friend to design android app for Mobile App Development Contest.
